CCNP Service Provider - Study Material | Irfan Salam

I must say that the
CCNP ENCOR book is
written very good.

Where To Download Books

What I enjoy is that the book sticks to the exam topics directly, the illustrations are very helpful and in color!! I have the Cisco Press books, but there is way too much overkill (1,000+ pages). I would recommend CCIEin8Weeks to all my coworkers! Finally a good tech book to read!!
