Global Governance and the Rule of Law Our work in this area explores the rule of law at both global and national level, particularly in countries in transition. As the UN approaches its 75th anniversary at a period of increasing geopolitical competition and uncertainty, we explore the prospects for renewal and adaptation of the rules-based international order.

Global Governance and the Rule of Law | Chatham House

Global governance involves the exercise of power, beyond a single state, to influence behaviour, to generate resources, or to allocate authority. Regulatory structures, and law of all kinds, increasingly shape the nature, use, and effects of such power.
