Android mid user manual - SlideShare

The meaning of the term Mobile Internet Device (MID) has evolved subtly over the years. In the mid to late 2000s, the time before tablets reigned supreme, MID was used to refer to a sort of middle-of-the-road device between a smartphone and a laptop or netbook in size and functionality: something handheld and highly portable, with a bigger screen than a smartphone so that you could more easily ...

I received an Android Tablet PC MID M729 as a Christmas present. I was so proud. But I was born in 1950, and like many my age, don't know much about modern technology. The manual that came with my tablet is not very user-friendly. It indicated that I should connect my tablet to my computer but I get a message that instructs me to install CD.
