Polycom SoundStation IP 5000 Configuration and Review

Ideally you will have the Polycom SoundPoint or SoundStation phones pick up the HTTP server information using a DHCP Server with configurable Option 66. If this is not possible, you can enter the information manually in the web UI of the phone using the procedure outlined below.

Manually Setup a Polycom SoundStation 5000, 6000, 7000 for 3CX

Re: Soundstation IP 5000 Setup. Hello timkeeley, welcome to the Polycom Community. This must be a network issue caused by either a firewall or some ports not being mapped. Pressing the Off Hook Key would provide you with a dial tone as the phone creates this locally but you would still not be able to make a call if the phone is not registered.
