Terminology Lsp And Translation | lines-art.com

In this post, we'll cover the acronym LSP—Language Service Provider. “Language Service Provider” is a term that has only become more and more popular in the world of translation, within the last decade or so. The term describes a full service translation agency (or provider of translations) for its clients.

What Is An LSP? - ITC Translations

After formalizing the development, translation, and management of your glossary, your LSP uses it during the translation process. The glossary provides a needed level of precision for the most important terms in your source material. As the translator works through your material, the LSP's Translation Memory

Foundations of Terminology and Translation | Fiona Citkin

1. Deep Legal Industry Translation Experience In the legal world, a single word or phrase out of place can affect the entire outcome of a case. Each word needs to be thoughtfully and accurately translated. However, understanding legal terminology in one language is tricky enough as is. Introduce multiple languages, and it's even trickier.

How to Choose an LSP for Legal Translation

Somers, H 1996, Terminology, LSP and Translation, John Benjamin Publishing, Amsterdam . pp 15-22. Steffens, P 1993, Machine Translation and the Lexicon, Springer, Berlin. pp 65-73. Written by Yacine Chemssi Terminology Study Visitor at TermCoord Student at the University of Luxembourg

What is the difference between terminology and lexicology?

When doing localization projects, a language services provider (LSP) could create a translation memory that is specific to the client. This helps the translation team when there are repeat projects from the same client. It helps minimize the cost of translation as the terms are reused.

Importance of Localization Terminology Management to LSPs

Evidence-based LSP. Translation, Text and Terminology. Series: Linguistic Insights. Khurshid Ahmad and Margaret Rogers. This book presents a number of different perspectives on the central theme of 'evidence' and its interpretation in the study of specialist languages and their various uses. The principal topics include text corpora, citation patterns, some challenging dichotomies, terminology and knowledge management, and specialist translation.
