The Complete Guide to Indoor Rowing by Jim Flood

The publication of this comprehensive guide to indoor rowing attests to the fact that indoor rowing is growing in popularity - not just in the US. A key reason is the standardization and computerization of the indoor rower by the Concept2 Company located in Vermont, which makes competition possible among rowers scattered across the world.

The first thing to keep in mind is timing. Don't wait too long before transporting your healthy outdoor potted plants inside. Waiting an extra day and letting that plant sit out in the cold is a potential killer. Keep your eye on the weather and bring any plants you wish to overwinter inside sooner rather than later.
